WHEREAS the last time the City effected a significant review of its snow clearing and removal capabilities including equipment and staffing needs was in 2008; and

WHEREAS the number of kilometers of roads and sidewalks in the City in need of snow clearance and snow removal has grown significantly, for example, by about 5 kilometers of road per year between 2008 and 2014; and

WHEREAS winter roads and sidewalks need to be cleared within an appropriate amount of time in order to facilitate vehicular and pedestrian traffic, including the economic movement of people, goods and services, and to encourage people to use active transportation (walking, bicycling and transit) as much as possible in order to meet the City's environmental goals;

THEREFORE BE IT RESOLVED THAT that staff be requested to prepare a report (1) reviewing the City's capabilities to meet winter control levels of service in light of the City's growth between 2008 and 2014 and recognizing public requests for enhanced service; and (2) indicating the equipment and staffing improvements and associated funding needed to meet the City's existing snow clearing and removal standards in time for consideration by Council for inclusion in the 2015 City budget.
